The state of Israel  
The Ministry of Justice

The Attorney General  
The Police Internal Investigation Department  
25.3.2007

In Re: complaint about the event which took place on 15.11.2005.

We are writing to inform you that the aforementioned complaint investigation completed.

After having completed the investigation, and having examined the evidence and the total circumstances relevant to this case, we decided to close the case for lack of evidence.

We would like to clarify that in order to prosecute and convict a person it requires a high level of certainty that that person actually committed the alleged offense. In this case, after analyzing the evidence and the various versions arising from the investigation material, we came to the conclusion that the chances of conviction in this case are not reasonable. Under these circumstances, we saw fit to close the case as stated.

You may appeal this decision to the Attorney General.  
The appeal may be filed by our department within 30 days upon receipt of this letter.

Sincerely,  
The Police Internal Investigation Department.
